Ongoing civil contracts

Metro to Älvsjö

Planning process: Ongoing

Construction time: 9 years

- Reliability
- Openness
- Cooperation
- Competence
- Ambition

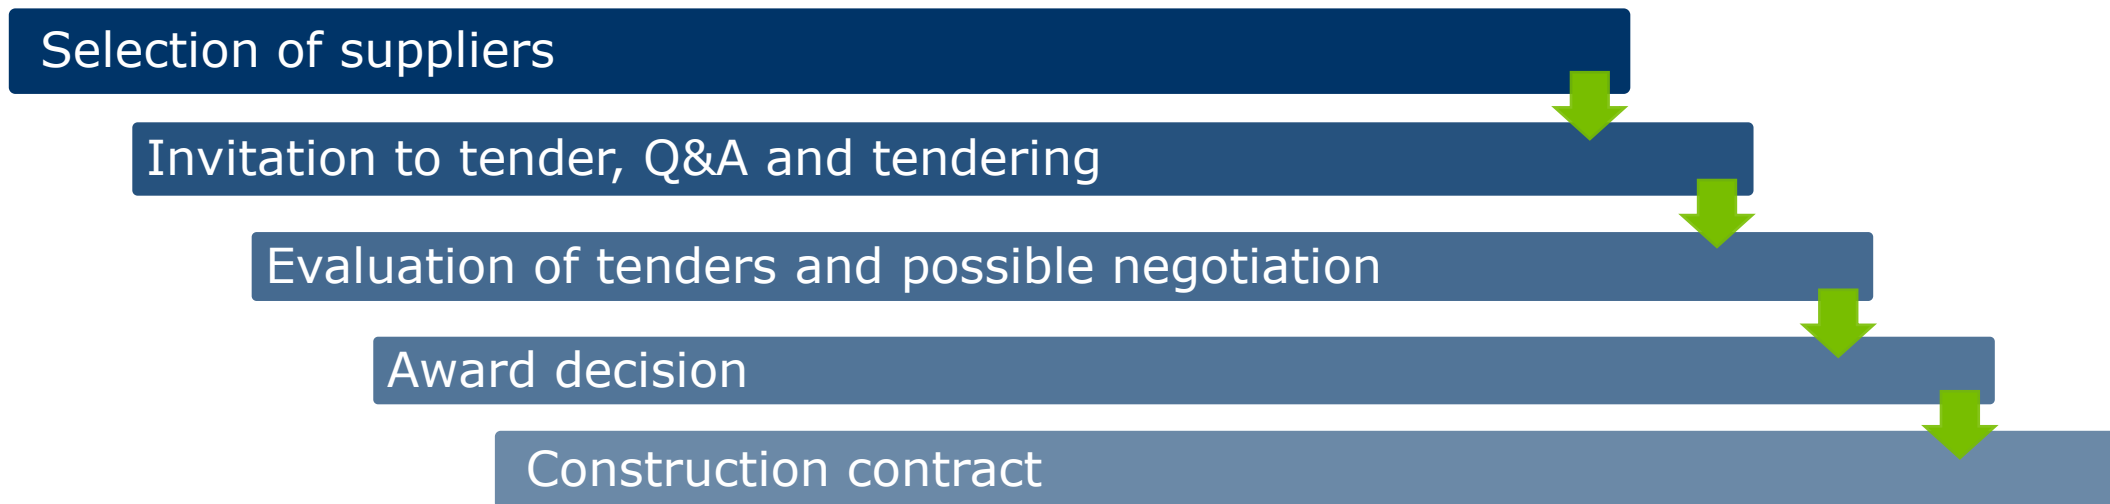

Our procurement process and how to submit tender

Be part of extending the Stockholm Metro!

- Many opportunities
- Large variations in complexity and scope for upcoming tenders for the new yellow line between Fridhemsplan and Älvsjö for a total of approx. SEK 13 billion in 2024–2029
- Opportunities to carry out final contracts for green line to Arenastaden (BEST) and Sockenplan (Civil works)

Our procurement process

based on EU public procurement legislation adapted to Sweden

Dialogue before, during and after the procurement

Important terms in our contracts

Purpose

Good progress in our projects

Balanced distribution of risk

Good competition

Terms

Commercial

10% in advance

Index adjustment

Bonus up to 1,5% of contract value

The penalty cap up to 7% of contracts value

Ceiling on withholding funds up to 5%

Other

Labour law conditions

BREEM

Dialog in all procurement phases

Value-added evaluation in contracts over SEK 100 million

Security requirements in certain procurements

Do you want to participate?

Step 1: Registration in TransQ (Achilles) = suppliers' selection system

- Suppliers themselves are responsible for contacting Achilles for registration www.achilles.com
- Plan about 1 month for the qualification process
- Don't forget to renew your qualification or to update the information in case of any changes

Are you a consultant?

- Please register your interest in Magnit = our consultant broker
- Plan about 1-2 weeks for the registration process
- A framework agreement according to ABK09 with Magnit needs to be concluded

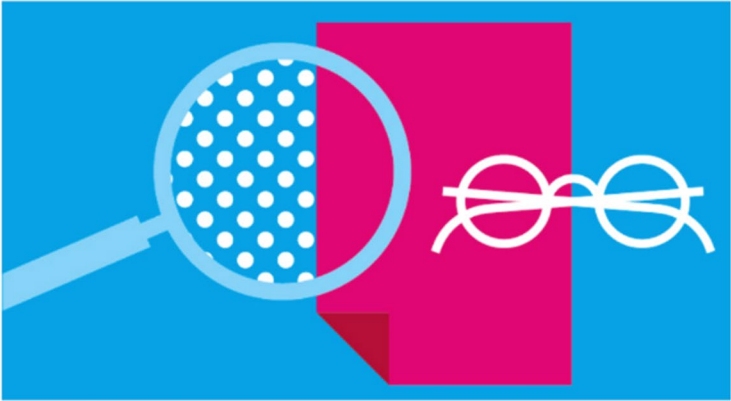

**Keep track
on our
website**

Procurement
